**GRANT OF PATENT FOR ‘WOVEN FABRIC WITH IMPROVED COMFORT’
BY UNITED STATES PATENT OFFICE**

Ludhiana, India – June 2, 2020: Trident Limited has been granted patent for ‘**WOVEN FABRIC WITH IMPROVED COMFORT**’ by United States Patent Office.

The present invention provides for a fabric composition, construction and crimp control process which affords enhanced comfort and performance by improving parameters such as thermal conductivity and moisture regulation along with other parameters such as dimensional stability, smoothness, drying properties and tensile strength.

The grant of this patent provides further recognition of the quality of the innovation being carried out by Trident.

About Trident Limited:

Trident Limited (NSE: TRIDENT; BSE: 521064) is the flagship Company of Trident Group, a USD 1 billion Indian business conglomerate and a global player. Headquartered in Ludhiana, Punjab, Trident Limited is vertically integrated textile (Yarn, Bath & Bed Linen) and Paper (Wheat Straw-based) manufacturer and is one of the largest players in Home Textile Space in India. Supplying national, captive, and retailer owned brands, the organization is highly decorated with awards from its customers, vendors, and various government entities in recognition of advancing the highest standards in product quality, social responsibility, and environmental stewardship.

The Company operates in two major business segments: Textiles and Paper with its manufacturing facilities located in Punjab and Madhya Pradesh.
